Summa [illegible] pro Recepta [illegible] in xxxiij [illegible]

Die sabbati xxiii octobris fuit facultas congregata per bedellum apud Sanctum Maturinum post missam
facultatis super duobus articulis. Primus fuit ad ordinandum super facto lectionum ordinariarum et
disputationum et ordinariarum magistrorum regentium facultatis. Secundus fuit super supplicationibus communibus.
Quantum ad primum fuit ibi propositum quod propter maliciam temporum tam propter guerrarum victualium
penuriam et caristiam, et pestilencie vigorem, multi magistri baccalarii et scolares
erant absentes a villa Parisiensi propter quod eorum studium erat evacuatum a scolaribus
et baccalarii qui consueverunt magistros in suis lectionibus visitare, item quod magistri
regentes propter multitudinem infirmorum occupati sunt propterea non potuerunt exercere actus regencie,
propter quod videtur facultati nimium rigorosum sive sit supposita consideratione quod debet
et baccalarii absentes fuerint propter lectionum absentiam eorum a parte tales presertim
tempus habebunt contra eos in eorum prejudicium. Et postremo fuit expositum quod in aliis
facultatibus et nationibus consimiliter in materia lectionum et disputationum ordinariarum erant
dilate et remisse propter tale periculum. Super quo omnis facultas matura tamen
precedente consideratione multa providentius deliberavit quod volebat et voluit quod tam lectiones quam
disputationes regentium ordinarie diu tempore differrentur usque post festum regum.
Voluit tamen quod prima die ordinarii magistri omnes possent repetere lectiones suas
quas erat facultas gratia usque post festum regum. Voluit tamen quod si aliqui magistri
vellent disputare extraordinarie propter pestilenciam aut aliud per proprium
ordinarium aliqualiter impediri.
Super secundo articulo nichil fuit deliberatum quia nichil fuit supplicatum.
